Is it not the duty of the Secretary
in charge of the Land Authority or Director
to do this in the ordinary course of
duty? If so, why have they not done it
especially as the Trust Board has been functioning
for the last 40 years? Does the proposed note
mean another expense of an unrealistic
nature? Please explain. for

bits of land available in each
Municipality and encroachments of
trust land. Lands in such Municipalities
can certainly be attended to by
the Inspectors in charge of the
Municipalities, as they would be
familiar with the localities as
they move about in their jurisdiction
almost daily. If this work had
been or is, attended to by the
Inspectors of both the Trust and
the Dept - as it should be
properly so, there would be no
necessity to employ a separate
establishment therefor. Much less
can a new incumbent of the
post who is not conversant

with the area do any work
work the same Even according
to para 122 (iv) of the Trust
Deed Business Manual, it is the
ordinary officers who are employed by
the Trust Board, who have to attend to
this work In this view there may
not be any necessity to sanction the
establishment now proposed.

13) But in view of the observations
in the letter, it may perhaps be sanctioned
as a temporary measure for six
months, with the above observations,
both in the interest of economy &
also to be in conformity with the
provisions of the aforesaid rule
in this behalf. For orders

The views contained in the
above note are correct - If at all
the establishment now proposed can
only be sanctioned for a period
